

**JEFFERS HIGH SCHOOL CLASSROOM SUPPLY LISTS
2019-2020**

English 10, 11 and 12

- Two Notebooks
- A folder and/or binder
- Small sticky notes (1" x 1" or so)
- 300 pack of note cards
- Pencils

All Math Classes

- Students need their own scientific calculator. We recommend the Texas Instruments brand.
- Book Cover

Technology 7 and Technology 8

- Headphones or earbuds

Transition Math

- Notebook
- 2-Pocket Folder
- Pencils and/or pens
- Book Cover (optional, but many students find it convenient for storing their geometry template and calculator)
- Scissors (optional, but some students like to have their own)
- Scientific Calculator – I recommend the Texas Instruments family of calculators because they are the most user-friendly. However, I do not recommend the TI-34II Explorer Plus, as some students have found it more difficult to use. A good scientific calculator can be purchased at any local discount store for \$10-\$20.

History Classes

- 1 1/2 inch binder
- Loose leaf paper for binder

Geography 7

- 2" 3 ring binder
- Notebook
- Colored pencils
- Pencils
- Erasers
